The Consumer Confidence Report is an annual water quality report that the Safe Drinking Water Act (SDWA) requires Lomita Water to provide you with. The purpose of the Consumer Confidence Report is to raise customers' awareness of the quality of their drinking water, where their drinking water comes from, what it takes to deliver water to their homes, and the importance of protecting drinking water sources.

In the past, Lomita Water has mailed its customers a printed copy of the Consumer Confidence Report to comply with the SDWA. In 2013, the State of California expanded its interpretation of the SDWA to allow for electronic delivery of the Consumer Confidence Report. The electronic delivery method will allow Lomita Water to reduce the consumption of paper, and minimize potential printing and mailing costs.

If you would like a paper copy of the 2019 CCR mailed to your mailing address or would like to speak with someone about the report, please call 310-325-7110.
